BEST CREATIVE ACTIVITY - BEST TEAMBUILDING ACTIVITY

Annual Red Wagon Race

A take on the traditional manager hunt with a twist, several Corporate Social Responsibility, Sustainability, Diversity, Inclusion, and/or Health & Safety team building activities were used to create the winning Red Wagon Race. The winning teams were in an intense, friendly competition, as each one along the way. The teams performed well to receive part of a \$1000 prize. Each of the teams were awarded, team photographs, team regalia, their names, their regional office name and an official team for their winning. The race was a great success and all the participants are looking forward to going back to the winners.
